

The Witch's Heart:

The Witch's Heart Instructions:

1 tsp grenadine

Purple Viniq or to top up, chilled:

Powdered dry ice (optional):

1 oz apple flavoured vodka, chilled:

Martini glass to serve:

The Witch's Heart Directions:

1. Add about 1/2 - 1 tsp of powdered dry ice to the bottom of the glass (optional). Pour the flavoured vodka and Viniq to fill the martini glass (do not fill to the brim). Pour 1 tsp of grenadine syrup about one inch from the surface of the drink - the grenadine should sink to the bottom, creating a "bleeding" effect.

2. Add about 1/2 tsp of powdered dry ice on top and serve with a stirrer - so your guests can stir the "potion" to create that shimmery, smoky effect.
